

ALMYRA

Almyra is a breath of fresh air for anyone seeking a holiday 'less ordinary': a chilled-chic design hotel flavoured with a splash of humour, a pinch of playfulness and a healthy dose of soul. With two in-sync experiences catering equally to on-style couples and fun-loving families, it's all about carefree Mediterranean living with a cool, contemporary twist. One of the chicest and sleekest hotels in the Mediterranean, Almyra underwent an extensive 3-month renovation in 2020. The hotel occupies eight acres of beautifully landscaped gardens at the heart of Paphos' seafront, revealing its multi-million euro refurbishment to great acclaim in March 2020.

Stylish and relaxing, fashionable yet unpretentious, Almyra with 187 rooms is a cutting-edge luxury five-star beach hotel that makes contemporary luxury accessible to all. Meaning 'taste of the sea', Almyra's highlights include the Almyraspa - a sun-lit utopia of organic and marine-based therapies complemented by inspiring ocean vistas - and the waterfront Kyma ('Wave') Suites showcasing harbour views from the candle-lit rooftop terraces.

Five sunlit rooms to spark the clearest ideas; flexible spaces and sleek décor to ensure fresh and fruitful gatherings (from 2 to 250...); and 'al fresco' areas to refuel the body and recharge the mind.

One of the joys of being on holiday is being able to choose what you eat, when you eat it and where. So for those hungry moments when you just don't feel like leaving your room, we have developed a delicious, fresh, room service menu offering everything from light refreshments to full meals.
